Landing (Island Of Desire Book 1)

Synopsis

Tom was just the mascot of the college cheerleading team, mocked by his beautiful teammates. But when their chartered aircraft crashes on a mysterious, lost island, this mascot will find himself alone with eight busty, beautiful women. Soon the arrogant cheerleading captain, the cool pilot and all of their friends will find themselves dependent on the man who is their only hope of survival! But Tom won't just survive; he'll learn what it is to be an alpha male, to be the powerful, hard and overwhelming male that these women need. And the women will learn to take him, hard and unprotected as he learns more secrets about this mysterious island. Tom started out as the mascot, but he's going to become the King of alpha males on this lost island, an island full of the magic of lust. Island of Desire Book I: Landing is a story by Gregory Michelson, and E.K. Richardson, where a bunch of castaways finds that magic, transformation, and a powerful alpha male will combine to create a white hot sexy story!

Customer Reviews

When the cheer team's plane crashes on an uncharted island, Tom the team mascot, is the only one with the skill to take charge and ensure the survival of the six beautiful cheerleaders and two female pilots. Not long after they arrive on the island Tom notices the girls acting more respectfully

toward him. He attributes that to how much they need to depend on him for survival, but Tom finds there is more going on when he discovers a temple dedicated to creating submissive mates for dominant alpha males. This is the introduction to the series, so some groundwork needed to be established before the story could really take off. There is one sexual encounter in this episode, but I'm sure there will be many more (after all, there are eight women and one man) in future volumes, of which I hope there will be many more soon. I really enjoyed *Landing*. There were a few technical errors, but none major enough to interfere with enjoying the story. One shortcoming the author might want to look at is excessive use of italics, which can sometimes be obtrusive. Recommended for anyone interested in male dominant erotica.

Interesting plot line about a young man who is thrust into a survival scenario with six beautiful women stranded on a desert island. Though at first he is barely tolerated by the women, he soon becomes the leader of the castaways and is soon transformed into an 'alpha man'. A metamorphosis is also triggered by a strange encounter on the island that 'magically' changes how a female views a virile male. Some erotic descriptions make this story exciting. However, the story abruptly ends before the reader discovers he has to buy sequels to find out the rest of the story. There is not enough plot development in this first short story to warrant further investment in the ongoing erotic series! Would suggest lowering the price for this novelette.
