## Customer Reviews

This book here had me talking out loud! Mye Queen is... I don't know what to call her, a shero or a slut! To have 3 beautiful, sexy, wealthy Black ballers in love with you, and a gorgeous White College Professor, and they all know about each other. I guess you call her a playa, baller, shot caller! Not only does this book keep you hooked on every word, but it's funny and packed full of emotion. You will sit with your mouth open on many occasions, as the drama gets buck wild. All I can say is... All hail the Queen. She's a bad maama jama! Brenda Lee Stokes did her thing with this one. This is my first time reading this author... I guess you can say my second, because when I finished Volume I, I immediately bought and started on Volume II. Still shaking my head! Great job Ms Brenda Lee Stokes!

Mye Beloved Queen dang what can I say other than I absolutely loved this story. I don't know where to start, it was packed full of drama, strong and charming alpha-men and the woman they all loved. Queen was a siren!! She's also a medical student. Once a man falls in love with her, they are hook for life. Volume 1 introduces Paul, Teddy, Logic and Xavier, the loves Queen's life. Queen will have you wanting to snatch a knot in her, however regardless of how scandalous her behavior you will still have a soft spot for her. It so hard not to give too much away so all I can say is it was definitely worth the emotional roller-coaster ride. Definitely a must Read. Now I must admit that there were a few editing challenges that seem to be prevalent in e-books, however they in no way distract from the story.

Let me start by saying I was unable to put this book down because I was anxious to see what would happen next. I was searching for more. It was really all one unbelievable sex scene. Let me explain... all Mye Queen did was hop from bed to bed and it was more than okay because it seemed like she was the only woman on the planet with a fat booty... seriously? What men in their right minds would waste so much time on a confused for lack of a better word slut! I was looking for more of a story than just a lot of sex. Overall it was a good read. I can't say if I will get book two because I honestly feel like it will only be pages of hot steamy sex with not much of a storyline. okay I had to

come back and edit my review even though i would still like more i realize that for this book to have me this upset and ready to smack fire from Mye Queen the author must've did her thing!

If you havent read this book then what are you waiting for. This has got to be the craziest book I have ever read. This book had me sitting on the edge of my seat waiting on more. Soon as I finished this book I had to jump on part 2 to see what was next. Mye Queen, Teddy, Paul, Logic, Jada, and Dorian will make you wonder where these people come from. Just love!! Must read!!!

Brenda Stokes Lee writing is everything I'm looking for when I read a book. Believable characters,drama filled, sexy hot sex scenes and most importantly a great story. This was my second read from Brenda and I love it. I enjoyed getting to know Ms Queen and all the men in her life. This book is a must read and I encourage all who loves a great sexy story to check it out. I can't wait to read Volume II and your other books. Job well Done.

BRENDA STOKES LEE YOU HAVE A FAN FOR LIFE!!! HONEY WHEN I SAY YOU WROTE THIS DAMN BOOK, YOU WROTE THIS DAMN BOOK!!! I LOVED ALL OF THE TWISTS, DRAMA, MIND-BLOWING SEX, THE MEN, AND EVERYTHING IN BETWEEN. THIS BOOK WILL LITERALLY HAVING YOU WANT MORE!

This series was very addictive. I could not get enough of the characters. I could not put the book down...the characters were so real you felt that you knew them. I loved this series from beginning to end and cried like a baby at the end. I so did not want the story too end. The only downfall of the series is that it needed better editing...there were a lot of errors in editing.

I do believe this have become one of my favorite book of all times. I have added this book along with the rest of Brenda Stokes Lee to my list of favorite books...I just couldn't get enough of Mye Queen and all her lovers.
