Customer Reviews

Very good book- since it's "immersion" that means there is absolutely NO English in here, whatsoever.... Which can make it tricky (if you're not in a class- perhaps impossible); but HEY when I look words up elsewhere, I remember them better, so maybe that's intentional. The example conversations on the CD are SO fast it is IMPOSSIBLE for a beginner to follow-- I think they did this so that we can get used to 'normal' conversation speed and different accents... however, as a person very new to Spanish, even in my third class and finishing up this book, it is still much too fast for me to understand. I can only understand 1 out of 20 words. I appreciate the desire to have us listen to current and contemporary conversation, but does EVERY conversation have to be 100

mph? Perhaps don't give your conversationalists espresso right before recording them! :) The only way I can find out what they're saying (they are also using words/phrases that aren't in our book, too, which our teacher then explains to us) is by reading the transcript from the teacher's book. Perhaps in the next version you can have every other conversation be fast if that's important to you, but please let some be relaxed- not boring, but not on speed, either. In normal English conversations people sometimes speak slowly and thoughtfully, and in a relaxed manner-- if this ever happens in Hispanic countries, please record conversations at this speed to represent those conversations as well as the fast ones.

This is a good quality, full color Spanish book for beginners. If you have a class that says you need to get this book, I would suggest you do, as there are LOTS of exercises inside it and not having your own copy may make your life difficult.***IMPORTANT***: There is a difference between Aula Nueva Edicion and Aula New Edition!This book (Nueva Edicion) is COMPLETELY in Spanish. There is no English whatsoever.The other version (New Edition) is for English speakers. In Aula New Edition, the instructions are in English and there is also a vocab section at the back of the book with Spanish to English translations.If you are an English speaker, I would strongly recommend that you buy New Edition instead of Nueva Edition.

Great book to teach/learn Spanish in a class setting through the communicative approach. Fun and engaging activities that activate negotiation of meaning between students. It might not be the best book to teach yourself, though. Everything is in Spanish to promote a fully immersion and to avoid the bad habit of translating.

what a breath of fresh air! fun to read and fun to learn from!
