Historical Romance: Maid For Majesty Absence Erotica Version (Maid For Majesty Series Book 2 Historical Romance, Victorian Romance, Regency Erotica, Erotic Romance)

Synopsis

Frustrated with the trappings of being King Alex's lover, Madeline Black ran away from her life as a slave to seek a life where she was in control of her destiny. But despite her newly found freedom, Alex still pervades her thoughts and dreams as much as she does his. When Alex manages to find her and rekindle their relationship, he promises to make her his Queen, though the empire is in favour of a marriage to Princess Sofia of Spain. Although Princess Sofia no longer has feelings for King Alex, she desires Sir Greg Umbridge, the king's best friend and closest confidante. Sofia knows she would be risking her life, Greg's, and the future of her home country Spain if she were to get involved with Greg. But she can't deny her feelings for Greg and is willing to do anything to stay in England, putting on the facade that Alex is courting her. As Alex fights to win Madeline a title so they can marry, Madeline is forced to learn of her mother's brutal murder, and the Duke of Axford, the man believed to be the killer. Can their relationships survive the political pressures surrounding them? Can love truly conquer all? **WARNING:** This book contains frequent sex scenes and graphic language. I think you could have rap it up in the last book. And move on to writing another you have the gift. I have read more books then any would be possible so although there is a part three I think I can write my own ending. I look forward to reading more of your work. I wish you continue success in your work. I was very please with book one I went nuts wanting to buy book two but just disappointed that you didn't end it here when you could have and to wait for book three and it not even finish well I think that was your mistake with so many great romance novels and writer it might be hard getting back to book three. Like I said I have wrote my own ending so I look forward to something new and different. As for those thinking of reading your books please do she will keep you wanting more and the books don't leave you unsatisfied. D.H. from New York City

Wow just when I thought you couldn't get any better than your first book, Kept me up all night !! Loved everything about this series and with all the sexy steamy scenes had to turn my AC on full blast! Great job !! I can't wait to see what this talented writer comes up with in the next book....

The 2nd book in the Maid For Majesty series, is even better than the first. King Alex and Madeline finally get married with a bun the the oven and Sir Greg the commoner and Princess Sofia are besties in "many" ways. An uprising occurs, a servant becomes Queen, Greg throws a party, and jailbreaks occur; all this exciting book! Also meet all of Madeline's friends.... Sissy is my favorite! Now I've got to wait for book 3..... I hear a war coming! Keep up the great writing AJ!

I started this book on Wattpad, I was bored and then this series came along and I can not put it down and the fact that its loosely based on the authors own family makes it even better I really am on the edge of the seat in other words one of the best novels of the year.
