## Customer Reviews

I had the pleasure of reading Mr. Hoff's book as part of a class with the same name I took at the Bible institute I attended, but in Spanish (El Pentateuco) and Mr. Hoff is very detailed in his writing, he also gives the historical backgrounds of each book of the Pentateuch. His writing is easy to understand and enjoyable. It also gives you a different perspective of the first five books of the Bible. I highly recommend this book!

If you read Spanish, there's no more readable, scholarly book by a conservative theologian on the Pentateuch. Why it hasn't been translated into English, I don't know. I'm using it to teach an elective class called survey of the Old Testament at [thelighthousechristianacademy.com](http://thelighthousechristianacademy.com)

I ordered this book for a friend for a class that we are taking. When I received the book but I was a little worried because the cover that was advertised was not the cover on the book, but after looking through it, it was the correct book, I just felt a little uneasy about it at first.

The book had a great print size. Made it much easier to read. Previous book print was too small. Great study tool.

Uno de los recursos mÃs importantes en espaÃol para maestros y pastores. Lo recomiendo sin reserva alguna.

Was used for bible Institute, very informative and easy to understand.

It was a gift for my son-in-law. He loved it.
