I really enjoyed this book. I found this author in the Minnesota section at the book store. The first book written by Stanley Gordon West that I read was "Blind Your Ponies." It is my all-time favorite book. I have kept it so that I can read it over and over again. I would rate this book right up there with Blind Your Ponies. I enjoy everything written by Stanley Gordon West.

This is the latest book from Stanley Gordon West, once again it's a "can't put down" book. Mr. West has a style of writing that immediately pulls you into the book. As the novel progresses there are more twists and turns than you ever expect and that keep you hooked until the very end. I can hardly wait for him to write another book - keep the midnight fires burning Stanley!

This author has a way of writing, that introduces the characters in such an absolutely descriptive

and endearing manner, that a reader just becomes enveloped in the story, and can't wait to know what's going to happen next..I hope that Mr. Stanley Gordon West will continue to write, and would do a book tour that would include the west coast of California, as I would LOVE to meet and chat with him.L.

I read this book before and left it in MX where it was quickly picked up by another guest. I am going to do a book report for my Book Club and thought this would be a great choice. But since I no longer had the book I reordered it and will re-read it to refresh my memory! I have read several of Stanley West's books and have enjoyed all of them. I grew up in St Paul so I was very familiar with many of the landmarks that he mentions. In fact both of my parents graduated from St Paul Central High School. (but several years before Stanley West)

Stanley Gordon West is a magnificent author. I have read every one of his books and not been disappointed in one. Once you read one of his books, you will be hooked, too.

I loved all of the Stanley Gordon West books that I read, and this is no exception. Don't miss this one if this author is one of your favorites.

A very, very different plot!!! As good as blind your ponies in a very different way. Well written and hooks you from chapter one.

I like any of Stanley Gordon west's books but this isn't on of my favorites. I likes Amos and Blind Your Ponies better.
