Wealthy men with secrets have special positions for Hailey... and a lot of men! My car hit the
gleaming sports car in front of me. The convertible looked green as money and my headlights
created glare on the crumpled chrome bumper. A tall man in an expensive trench coat unfolded
from his crunched car. He looked me over as though I was something precious. I had the strangest
desire for him to take off his gloves and touch me. He had perceptive eyes and a mouth that could
be cruel. I wanted him to kiss me until my lips bruised. He handed me his card. "This can be our
secret." He glanced at my car. "I have enough insurance for both of us." His eyes gleamed. "Go to

I enjoyed reading Auction - No Protection: Hailey obeys Doctor’s Orders, all about Hailey, a young twenty-three-year-old girl who is a cocktail waitress at an exclusive club in San Francisco. On her way home, she ran a stop sign and hit a jaguar. No damage was done, an older gentleman gets out of the car, looks her over, hands her a business card, and says I'll forget this ever happened, and drives away. The author wrote a very interesting story, and the characters made the story come to life! If you like things hot and steamy, and you like getting wet while reading, then this is the story for you! Check it out.

I suspended reality and just enjoyed the story. Of course it is not realistic. It is fantasy. Enjoy it for what it is.

Wish I could give it a zero. I really like erotica but this was just nasty disgusting trash that I wish I had never read. Nasty!!!!
