Customer Reviews

The story is fine, but the errors bother me. There are several capitalization mistakes within quotations. It should have been edited. I chose to white out the mistakes and correct them before reading it with my child.

This is a good book to use with students and it is an easy read. I like to use the metaphor of an eagle to compare it to them and achieving any goal in life. My book arrived in excellent condition!!

Purchased several books to share with other grandmothers to read to their grandchildren! This is a wonderful book for everone.

Product as described. Would purchase from seller again.
