Customer Reviews

I discovered hucow stories today. This one was short and not really my thing. Why not? She doesn’t know there is something in the water turning her into a hucow. Three cowboys want to give her a hard with lactation, but she hasn’t a voice in that. They just take her, dominate her and that doesn’t
feel right, although she likes it at the end

a very short book but then all the hucow books i have seen are short. it is a different genre that is separate from other kinds. i guess it would lean toward erotica if anything.

I tried this series to learn more. Not sure this is my cup of tea so I will try a few more stories to learn if I will stay with this author.

Well written. Informative. Good development.
