## Customer Reviews

Ryka speaks to me. Her words are ferocious. She is one of those artists that I admire, not only for writing such passionate, soulful work but also for being a proud trans person, so willing to give the reader a level of intimacy I find astonishing. This book needs to be on your reading list now!!

Plus, when you buy this book you not only support a trans writer but also a trans business, since the press is also run by trans people! How great is that!

Ryka Aoki wrote one of my favorite books. As someone who has read a book a month for the past 3 years, it's rare that a book stays in my mind after reading more books. I couldn't put this memoir

down. I was completely enveloped in her story, in how poetic and inspiring she was in describing her life, her struggles, and her accomplishments. As a writer, Aoki opened my mind to the possibilities of creative writing in combining different writing styles in one book. I highly encourage any reader to give this book the time and attention it deserves.
